

FORT MYER TROOPS TO MEXICAN BORDER

Arrival of Third Regiment
Means Fifteenth Cavalry
Will Go to Arizona Camp.

The arrival of the Third Regiment of field artillery at Fort Myer tomorrow, after its long march from the summer camp at Tobyhanna, Pa., will be followed in a few days by the departure of the squadron of the Fifteenth Cavalry for the Mexican border. The Fifteenth will be replaced at the fort by a squadron of the Fifth Cavalry, which is now stationed at Fort Huachuca, Ariz.

The regiment of field artillery arriving in Washington tomorrow on foot will parade through the city about noon, and one the way to the fort. The artillerymen, who are under command of Major Charles P. Sumner, will spend the night on the aviation field at College Park, Md. They will leave there early tomorrow morning and, entering the city on foot at Fifteenth and H streets northeast, they will march down H street to New York avenue, thence out New York avenue and Pennsylvania avenue to the Anacostia bridge.

Arrangements for the transportation of the cavalry troops from Fort Myer to Fort Huachuca are being made by the quartermaster's department. The two squadrons of the cavalry at Fort Sheridan, Ill., and Fort Leavenworth, Kan., also will be sent to the Texas border, and the Fifteenth will be united again. The regiment will be scattered along the Mexican border.

It is not the intention of the War Department to make Fort Bliss a cavalry post, though Fort Sam Houston may be made such a post later.

Forty Pounds of Bass Caught in Four Hours

Eleven fine bass, weighing a total of forty pounds, were caught near the coffee dam in the basin between 8 and 12 o'clock last night. George M. Bryant, 240 Ford place, assisted by a friend, Bryant brought the bass, displayed on a big table through the business section this morning, bringing them into The Times office to prove that it was not the usual fish story. Not one of the bass was small, while four of them went above the four-pound mark.

Men Welcome Mother's Friend

A Duty That Every Man Owes to Those Who Perpetuate the Race.

It is just as important that men should know of progressive methods in the treatment of disease of motherhood. The suffering incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a penetrating, external application that relieves all tension upon the muscles and enables them to expand without painful strain upon the ligaments. Thus there is avoided nervous prostration, the tendency to vomit, morning sickness is counteracted, and a bright, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to come. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00. It preserves the mother's health, enables her to make a complete recovery, and thus with renewed strength she will eagerly devote herself to the welfare of the child. Write to the Bradfield Regulator Co., 223 Laurel Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers.

PROTEST VOICED ON MILITANTS' PAPER

Anthony Comstock Calls Upon
Whitman to Stop Circulation
of "The Suffragette."

NEW YORK, Oct. 22.—District Attorney Whitman was today considering the advisability of stopping the selling of the "Suffragette," the official organ of the English militants. Anthony Comstock, head of the New York Society for the Suppression of Vice, looked over copies of the "Suffragette" and immediately called on Whitman.

The "Suffragette" was first put on sale at the meeting at Madison Square Garden when Mrs. Pankhurst spoke. Since then thousands of copies have been sold. The articles in question are those by Miss Christabel Pankhurst dealing with white slavery. Some are headed "The Question," one, "The Truth About the Piccadilly Flat," and another, "The Dangers of Marriage." The "Suffragette" was suppressed in England and is now published in France. Police Commissioner Waldo was furnished with copies today and sent them on to Chief Magistrate McAdoo. Suffrage leaders praised the articles as teaching a high moral lesson. Leaders in the anti-suffrage movement condemned them as indecent. Mrs. Pankhurst is scheduled to leave here for Cleveland today.

Last Tuesday evening the President and members of his family witnessed Miss Ferguson's performance, and were so delighted that the actress was asked to call at the White House.

POWER BOAT CLUB TO HAVE BIG FEAST

Going to River View Next Sunday For Annual Oyster Roast.
Race to Resort.

The Eastern Power Boat Club will go to River View next Sunday for its annual oyster roast. Leaving the Anacostia river in formation for the last time this year, forty motor vessels will follow Commodore William Wagner's The Bill onto the Potomac. Then there will be pitted against each other until the resort is reached motor boats which their respective owners are anxious to try out in long-distance racing.

Accepting the invitation of the Eastern Club, which is one of the largest in numbers in the city, are many boat owners, who will spend the day at River View. Some are going from Alexandria and there is to be a band of music in attendance. The annual outing of the club is awaited each year with interest by motor boat owners in the District.

The start will be made from the club's headquarters in the Anacostia river at 9 o'clock. The committee appointed to arrange for the outing includes William Ruckert, chairman; Charles Kipper, John W. Williams, William Wagner, the commodore of the club; Theodore Newman and John Speer.

With the excursion of Sunday next the club will end its season on the river. The boats it maintains in the Anacostia basin will be tied up and there will be no more activity along that part of the water front until next summer. However, there will be indoor entertainment during the winter, the big club house, as large as a private residence on the north shore, being fitted up now to accommodate the members and their friends.

TAN SHOE SALE

Tan Calf Skin is the highest costing calf skin because only perfect skins without a blemish can be used, otherwise the leather after tanning would be spotted and uneven in color. Shoe dealers generally do not want to push the sale of Tan Calf Skin Boots because of their high cost. This has left a surplus of these good wearing shoes on the hands of three of the big shoe manufacturers, and Everybody's as usual gets the benefit and in turn gives to the people of Washington the opportunity of their lifetime.
